Macanudo is Americas best selling and most popular cigar brand. For decades this favorite has filled humidors across the country. Why you ask, because of its consistently smooth and mild taste paired with it affordability. Macanudo originated in Jamaica under General Cigar; however due to unfavorable conditions in Jamaica, the brand is produced today in the Dominican Republic. The Macanudo is unique by combining a Connecticut shade wrapper, Dominican fillers, and a binder grown in the San Andres Valley of Mexico.

Macanudo is the cigar that put General Cigar Co. on the map and has led to their huge success. Still on top as the best seller of the cigars is the portfolio style, which makes Macanudo one of the most recognizable in world. No-where else can such consistency be found in a cigar. This blend is ideal for those smokers who are just getting started or those veterans who don't like an overwhelming level of flavor or body in a cigar.

Cohiba

As one of the best selling and most famous brands in the world, the Cohiba is a super premium blend with an esteemed reputation for quality and flavor.

Cohiba is the best-known name in cigars. After Castro took control of Cuba, this brand was commissioned by the Dictator to make the finest Cuban cigars available. Early on they were reserved for dignitaries and high ranking government officials. Over time the cigars became available to a wider audience and are now considered the top cigar manufactured in Cuba today.

Today Cohiba stands for quality and the finest tobaccos Cuba has to offer. The Cohiba Red Dot is the legal, Dominican version of Cohiba, and the only one made in the US that can legally bear the trademark. Like its Cuban counterpart, the Cohiba Red Dot uses only the finest tobaccos and the most qualified rollers in constructing this legendary cigar. It is finished with a West African, Cameroon wrapper that gives this cigar a sweet and rich aroma that is medium to full-bodied. The Cohiba Red Dot is the product of five years of intensive research and blending efforts by General Cigar.
